Brad Abbott is an experienced senior analyst, having been engaged in conducting economic and statistical research for more than 13 years. He has extensive experience in analyzing damages in wrongful termination, harassment, discrimination, personal injury and wrongful death litigation. He has calculated earnings losses in a wide variety of industries and fields including maritime, law enforcement, fire fighting, education, medical services, construction, real estate, manufacturing, transportation, high tech, and the non-profit sector. He has analyzed benefit losses from state and local public pensions, as well as union and private pension plans.

Mr. Abbott has calculated lost earnings and benefits in well over one hundred employment and injury matters. He has also worked in a variety of different industries, in areas of patent infringement, lost profits, and reasonable royalties. He has provided testimony in the Superior Court of California.
